

A photograph of a young child with long brown hair, wearing a light blue shirt, sitting at a table and drawing with a pencil. A pink cup is visible on the table to the right.

Children inspire our decisions, direction,
and everything we do.

Summary

Inspire Language programme is built on the award-winning communication frameworks developed by Speech and Language UK, including Babbling Babies, Talking Toddlers, and Chatting with Children. As a national leader in speech, language, and communication, Speech and Language UK's evidence-based resources ensure that every child receives the highest standard of language development support.

What's Included

Inspire Language offers rich, engaging experiences that build children's speech, listening, and understanding. Through storytelling, songs, role play, and more, children expand vocabulary, develop clear communication, and gain confidence expressing themselves — laying strong foundations for reading, writing, and future academic success.

Communicative Learning

Through games, stories, songs, and role-play, children learn to express ideas, share thoughts, and build relationships. Educators model language naturally, encourage listening and attention, and celebrate every communication milestone.
